Honoring teachers who have demonstrated outstanding leadership qualities further demonstrates our commitment to recognize their tireless efforts as educators and role models. CPS has thousands of excellent teachers who are deserving of special recognition. The **DRIVE** Award provides an opportunity to acknowledge and thank exceptional teachers for their outstanding work in the classroom.

The award includes \$2,500 for the teacher, \$1,000 for his or her school, a commemorative plaque, and membership on the Teacher Leadership Advisory Council. This important advisory council offers a direct line of communication between the classroom and the CEO's office, an important communications process that encourages open and honest dialogue about our learning environments.

Teachers were nominated by peers at their schools and 250 finalists were selected. On Thursday, October 15, 2009 the DRIVE Award Ceremony & Dinner honored these stellar teachers and 23 teachers were awarded (one from each CPS area). Please join us in congratulating these teachers!
